

GIS Analyst/Cartographer

Join Nordregio – A Leading Nordic Research Institute

Nordregio is currently seeking 1-2 GIS Analysts/Cartographer to join our team. The positions offer an opportunity to contribute to impactful data-driven research and analysis on key topics in regional development and planning. For these positions, we are particularly interested in candidates who combine GIS and data analysis expertise with interest in regional development and planning and/or regional digitalisation.

Main responsibilities

- Collaborate with researchers on multidisciplinary projects across the Nordic Region, Baltic Sea Region, EU, and beyond.
- Collect, harmonize and analyse statistical and spatial data related to regional development, demographics, economy, environment, and infrastructure.
- Conduct data analysis using statistical and GIS methods, including spatial analysis, and basic modelling.
- Develop clear and engaging visualizations such as maps, charts, and dashboards to communicate insights effectively.
- Support the documentation of methodologies and contribute to reports and presentations.

Requirements

- The position as GIS Analyst/Cartographer require a bachelor- or master's degree and are expected to have at least two years of relevant experience in research or practice post-graduation. The degree should be in one of the following fields: a degree in geoscience, urban and regional planning, human geography, social sciences, or other relevant disciplines.
- Support the documentation of methodologies and contribute to reports and presentations.
- Experience in data collection, analysis and visualization with GIS software, (e.g. ArcGIS Pro, QGIS or other), web-mapping solutions (e.g. ArcGIS Online or similar).
- Familiarity with data analysis tools and programming languages (e.g., Python, R or other) is desirable.
- Strong analytical thinking and attention to detail, with the ability to work independently and in teams.
- Good communication skills with the ability to network and work effectively with various stakeholders and partner organizations.
- Professional fluency in English is required; knowledge of a Nordic language is an asset.

What we offer

The position starts as soon as possible - or subject to agreement. Nordregio offers contracts with a maximum length of four years. Subject to further agreement, the contract can be extended for up to four additional years. If you are currently employed by the State in a Nordic country, you are entitled to a leave of absence from your present position for the duration of your employment at Nordregio according to the agreement "Avtale om rettstilling for samnordiske institusjoner og deres ansatte". Candidates relocating from another Nordic country to Sweden are offered a relocation package as well as a monthly salary addition. For our employees to perform at a high level, we support, in various ways, the employee's own responsibility and initiative to find a balance between work and private life. Examples of support include generous health benefits, remote work according to individual agreements, opportunities for peer-to-peer learning, and encouraging social gatherings.

Why Nordregio?

Nordregio is an international research centre for regional development and planning. We conduct solution-oriented and applied research, addressing current issues from both an academic perspective and from the viewpoint of policymakers and practitioners. Nordregio participates in European, Nordic and national research programs and carries out commissioned projects for different levels of government. We conduct case-studies in different regions, perform territorial analyses on a transnational and pan-European level, and undertake evaluations of various European and national programs.

We are a team of multidisciplinary, international people and our office is situated in attractive surroundings at Skeppsholmen in the heart of Stockholm, Sweden. The institute was established in 1997 by the Nordic Council of Ministers and is built on 50 years of Nordic collaboration.

Working at Nordregio provides you with the opportunity to become part of a truly international

research environment. We offer significant career development potential in terms of enhancing your international network of contacts in both policy and academic fields, as well as an extensive experience with project management. You will also have rich opportunities to collaborate with regional and municipal stakeholders in the Nordic countries.

Application

Application deadline: We look forward to your application, including CV and personal letter in English no later than **September 15, 2025**.

How to apply: Click on "**ansök här**" at the bottom of the page. When you are redirected to the "**integritetspolicy**" (privacy policy) page, check the box to accept it. On the next page regarding "**offentlighetsregler**" (publicity rules) click on "**fortsätt**" to proceed to your application.

We kindly request applicants to not submit their application via e-mail.
