

Senior Research Fellow within innovation and digitalisation

Senior Research Fellow within innovation and digitalisation

Join Nordregio – A Leading Nordic Research Institute

Nordregio is currently seeking Senior Research Fellows fluent in both a Nordic language and English to join our team. This position offers an opportunity to contribute to impactful research and analysis on key topics in regional development and planning. For these positions, we are interested in candidates with expertise and interest in the societal dimension of innovation and digitalization with specialisation in areas such as:

- Artificial Intelligence
- Inclusive digital transformation
- Digital divides
- Data privacy and ethics
- Twin transitions
- Governance and innovation processes

Requirements

- A doctoral degree in a relevant discipline such as science and technology studies, geography, economics, innovation studies, political science, sociology, anthropology, or similar.
- At least two years of relevant experience in research or practice post-graduation.
- Motivation to develop new research perspectives, build research networks, and securing new funding.
- Strong analytical and methodological skills and the ability to take a creative approach to complex problems.
- Highly motivated with the ability to work independently, as well as the skills to work effectively in a cooperative research environment.
- Well-developed communication skills, including the ability to network and work collaboratively with a range of stakeholders and partner organisations.
- The geographic scope of your fields of interest includes in-depth knowledge of at least one Nordic country as well as a pan-European perspective.
- Ability and willingness to contribute to Nordregio's commitment to fostering a supportive and equitable workplace.

The applicant must be fluent in English as well as a Nordic language.

What we offer

The position starts as soon as possible - or subject to agreement. Nordregio offers contracts with a maximum length of four years. Subject to further agreement, the contract can be extended for up to four additional years. If you are currently employed by the State in a Nordic country, you are entitled to a leave of absence from your present position for the duration of your employment at Nordregio according to the agreement "Avtale om rettstilling for samnordiske institusjoner og deres ansatte". Candidates relocating from another Nordic country to Sweden are offered a relocation package as well as a monthly salary addition. For our employees to perform at a high level, we support, in various ways, the employee's own responsibility and initiative to find a balance between work and private life. Examples of support include generous health benefits, remote work according to individual agreements, opportunities for peer-to-peer learning, and encouraging social gatherings.

Why Nordregio?

Nordregio is an international research centre for regional development and planning. We conduct solution-oriented and applied research, addressing current issues from both an academic perspective and from the viewpoint of policymakers and practitioners. Nordregio participates in European, Nordic and national research programs and carries out commissioned projects for different levels of government. We conduct case-studies in different regions, perform territorial analyses on a transnational and pan-European level, and undertake evaluations of various European and national programs.

We are a team of multidisciplinary, international people and our office is situated in attractive surroundings at Skeppsholmen in the heart of Stockholm, Sweden. The institute was established in 1997 by the Nordic Council of Ministers and is built on 50 years of Nordic collaboration.

Working at Nordregio provides you with the opportunity to become part of a truly international

research environment. We offer significant career development potential in terms of enhancing your international network of contacts in both policy and academic fields, as well as an extensive experience with project management. You will also have rich opportunities to collaborate with regional and municipal stakeholders in the Nordic countries.
